Uneasy Asylum  Vicki Caron 1999 This book, which draws on a rich array of primary sources and archival materials, offers the first major appraisal of French responses to the Jewish refugee crisis after the Nazi seizure of power in 1933. It explores French policies and attitudes toward Jewish refugees from three interrelated vantage points: government policy, public opinion, and the role of the French Jewish community. The author demonstrates that Jewish refugees in France were not treated in the same manner as other foreigners, in part because of foreign policy considerations and in part because Jewish refugees had a distinctive socioeconomic profile. By examining the socioeconomic and political factors that informed French refugee policy in the 1930’s, the author presents overwhelming evidence that Vichy’s anti-Jewish measures were not merely the work of a few antisemitic zealots in the administration, nor did they stem solely from the desire of Marshal Pétain’s government to find scapegoats for the military defeat of 1940. Rather, they enjoyed widespread popular support, not only from far-right organizations but also from a host of middle-class professional associations and their members (doctors, lawyers, merchants, and artisans) who perceived Jews as a competitive threat. The author also sheds new light on Jewish political behavior in the 1930s. She demonstrates that the French Jewish community was sharply divided over the proper approach to the refugee crisis. While some Jewish leaders pressed for a hard-line policy, others worked assiduously to provide the refugees relief and to persuade the government to pursue a more liberal refugee policy. Thus the author refutes claims that the native French Jewish elite was overwhelmingly unsympathetic to the refugees because of fear that an influx of refugees would provoke an antisemitic backlash. While this book reveals the extent to which anti-refugee attitudes and policies in the 1930’s paved the way for Vichy’s anti-Jewish policies, it also highlights significant discontinuities between the refugee policies of the Third Republic and those of the Vichy regime.

Fasting and Feasting Adam Federman 2017 For more than thirty years, Patience Gray—author of the celebrated cookbook Honey from a Weed—lived in a remote area of Puglia in southernmost Italy. She lived without electricity, modern plumbing, or a telephone, grew much of her own food, and gathered and ate wild plants alongside her neighbors in this economically impoverished region. She was fond of saying that she wrote only for herself and her friends, yet her growing reputation brought a steady stream of international visitors to her door. This simple and isolated life she chose for herself may help explain her relative obscurity when compared to the other great food writers of her time. So it is not surprising that when Gray died in 2005, the BBC described her as an "almost forgotten culinary star." Yet her influence, particularly among chefs and other food writers, has had a lasting and profound effect on the way we view and celebrate good food and regional cuisines.

Fasting and Feasting (UK Edition) Adam Federman 2017-06-07 A New York Times Notable Book for 2017 For more than thirty years, Patience Gray—author of the celebrated cookbook Honey from a Weed—lived in a remote area of Puglia in southernmost Italy. She lived without electricity, modern plumbing, or a telephone, grew much of her own food, and gathered and ate wild plants alongside her neighbors in this economically impoverished region. She was fond of saying that she wrote only for herself and her friends, yet her growing reputation brought a steady stream of international visitors to her door. This simple and isolated life she chose for herself may help explain her relative obscurity when compared to the other great food writers of her time: M. F. K. Fisher, Elizabeth David, and Julia Child. So it is not surprising that when Gray died in 2005, the BBC described her as an “almost forgotten culinary star.” Yet her influence, particularly among chefs and other food writers, has had a lasting and profound effect on the way we view and celebrate good food and regional cuisines. Gray’s prescience was unrivaled: She wrote about what today we would call the Slow Food movement—from foraging to
eating locally—long before it became part of the cultural mainstream. Imagine if Michael Pollan or Barbara Kingsolver had spent several decades living among Italian, Greek, and Catalan peasants, recording their recipes and the significance of food and food gathering to their way of life. In Fasting and Feasting, biographer Adam Federman tells the remarkable—and until now untold—life story of Patience Gray: from her privileged and intellectual upbringing in England, to her trials as a single mother during World War II, to her career working as a designer, editor, translator, and author, and describing her travels and culinary adventures in later years. A fascinating and spirited woman, Patience Gray was very much a part of her times but very clearly ahead of them.

**Re-examining the Holocaust through Literature**

Aukje Kluge 2009-03-26 In the late 1980s, Holocaust literature emerged as a provocative, but poorly defined, scholarly field. The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books, fiction, film, and poetry, as well as the more traditional diaries, memoirs, and journals. Ten contributors from four countries engage issues of authenticity, evangelicalism, morality, representation, personal experience, and wish-fulfillment in Holocaust literature, which have been the subject of controversies in the US, Europe, and the Middle East. Of interest to students and instructors of antisemitism, national and comparative literatures, theater, film, history, literary criticism, religion, and Holocaust studies, this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context.
